My family can't attend the trip. How will my player get there and around while in Myrtle Beach?

Other player parents will be assigned to drive students while in MB if families are unable to attend. Please connect with us after player selection if this is a need for your family. FCSD has a process we will adhere to for “field trip chaperones” to be drivers. More information to come.

We can't afford the cost for my player to attend. Is there anything that can be done?

If a player is dealing with financial hardship, please connect with Coach Murphy after player selection. There is a Varsity Club that provides assistance for players in need on a case by case basis. This whole process will remain confidential.

After player selection, there will be a detailed meeting where these questions and more will be answered. Stay tuned for meeting date!
